Below this, a breadcrumb trail shows 'Public Portal > Public Search & Enquiry'. Step 4: Write Meaningful Questions Based on Your Research

- I was really touched by the initiative to allow hearing impaired drivers to earn a living through Grab. Are there plans to roll out more inclusivity projects and how can one get involved?
- I'm very interested in creating digital learning solutions. In view of many conferences and educational events moving digital, will Learning Lab return to face to face sessions or will you maintain the digital engagement you have done during COVID 19?
