Dear students,

Small changes in how we speak can make a great impact how we present ourselves! You can come across as more professional, more confident, and even more employable.

Join this workshop and learn how to better articulate yourself fluently in all situations!

In this workshop, you will:

- Pick up critical speech delivery tips and improve the way you speak during interviews and presentations
- Use appropriate pitch, pace, intonation and speaking style for different contexts
- Apply the Do’s and Don’ts of pronunciation, grammar and sentence structure to send an impactful message
