Frequently Asked Questions

1. What is the Career Catalyst module (CFG1002)? What are the benefits of taking this module?
   Career Catalyst (CFG1002) is a 2MC, CS/CU, Unrestricted Elective Module that will equip you with the essential skills to successfully secure and excel at internships, and to identify your career interest(s) as well as build a profile aligned to it.
   The module will also provide an early introduction to students the concepts of career planning, personal branding and industry awareness. Students will learn to develop a strategy to maximise their time and resources while in University, be confident in mapping out a career plan and work towards strengthening their fit to achieve their career aspirations.

2. Who are currently eligible to take CFG1002?
   The module is currently open to Year One students from FASS, FoS, SDE and SoC, Year Two students from FoE, as well as students who have previously taken the 2-MC CFG1010 module, regardless of their year of study. The module is also open to Year 1 and 2 students residing at the Kent Ridge Hall of Residence.

3. I have previously taken CFG1010 (Roots and Wings: Personal and Interpersonal Effectiveness 1.0) that was previously offered by CFG. Can I take CFG1002?
   Yes, only if you have previously taken the 2-MC CFG1010 module.

4. I have previously taken CFG 2001 in AY2017/18 Semester 2, may I still take CFG1002?
   No.

5. Do I have to sign-up or will CFG1002 be pre-allocated to me?
   In AY2018/19, Semester 1, the module will be open to all Year One students on an opt-in basis from the 5 faculties mentioned above (Year Two for FoE) to allow students to better plan their timetables. By AY2018/19, Semester 2, the module will be pre-allocated to the remaining Year One students from selected faculties such as FASS and FoS.

6. When is the module conducted?
   Only students who have taken the 2-MC CFG 1010 will take CFG1002 in AY2018/19 Semester 1, Weeks 7 to 12. All other students will take the module from Weeks 1 to 6.

7. How do I register for the module in AY18/19, Semester 1?
   The registration was sent to your NUS email. Click on the registration link provided and follow the instructions listed.

8. Does CFG1002 count towards the limit on the number of Level-1000 modules in fulfilment of graduation requirements?
   No.

9. Are there any pre-requisites to taking CFG1002?
   No.

10. How is the module graded?
    The grading will be on a CS/CU basis, based on physical attendance of lectures and completion of assignments.

11. Who can I contact should I have any queries?
    Queries can be mailed directly to careercatalyst@nus.edu.sg.
