Is coding part of your DNA? APPLY NOW for CodeIT.Suisse();

Why is this Coding Challenge unique?
Instead of business cases, the topics this coding challenge will cover are:
Algorithmic Challenges
Image Processing
Machine/Deep Learning
Code for Code... And More….

And of course, with delicious food to keep you going…

Date & Venue
September 21 – 23, 2018 (Friday Afternoon to Sunday) at Credit Suisse Singapore Office

Prizes
Winning teams will be awarded with prizes that are worth of the below values.

<table>
<thead>
<tr>

<td>SGD 500</td>
</tr>
</tbody>
</table>

How to apply
1. To participate, you may apply on an individual basis or form a team of 2-3 eligible members.
2. Each participant is required to solve a web-based puzzle here. Once the puzzle is solved, instructions will be provided on how to apply for CodeIT Suisse. Each team member must submit an application.
Application Deadline
September 9, 2018 (Sunday)

Further event details will be sent to successful event applicants. We look forward to your entries!

Make things possible.

Our Engineers don’t just make things – we make things possible.
Change the world by connecting people and capital with ideas.
Solve the most challenging and pressing engineering problems for our clients. Join our engineering teams that build massively scalable software and systems, architect low latency infrastructure solutions, proactively guard against cyber threats, and leverage machine learning alongside financial engineering to continuously turn data into action. Create new businesses, transform finance, and explore a world of opportunity at the speed of markets.

Want to push the limit of digital possibilities? Start here.
