Programme Information: Do join us for an eventful afternoon where you will find out more about what we do in the medical device industry and learn about our rich history. More importantly, you will walk away from the session armed with a simple tool of self-discovery, to help steer you towards the direction of your dream career. See you there! 😊

BD is a global medical technology company that is advancing the world of health by improving medical discovery, diagnostics and the delivery of care.

The company provides innovative solutions that help advance medical research and genomics, enhance the diagnosis of infectious disease and cancer, improve medication management, promote infection prevention, equip surgical and interventional procedures and support the management of diabetes.
