Founded in 1905 as a modest medical school with 23 students, NUS is today widely known for our pioneering education and innovative research which have made an impact on the community in Singapore and beyond. We offer a global and Asian approach to education, research and entrepreneurship. The University is especially renowned for our research in engineering, science and technology, biomedical sciences, and the humanities and social sciences.
OUR CAMPUSES

KENT RIDGE CAMPUS
NUS’ main campus since 1980, the sprawling 150-hectare Kent Ridge Campus hosts most of the University’s academic, research and administrative facilities. It is also a bustling hub of student life, with student residences, sports facilities and venues for arts and cultural activities.

University Town (UTown) – an extension of the Kent Ridge Campus — offers a unique residential college concept as well as a host of educational and recreational spaces for interaction, peer learning and personal development. UTown is also home to Yale-NUS College, Singapore’s first liberal arts college with a full residential programme.

BUKIT TIMAH CAMPUS
The Bukit Timah Campus houses the Faculty of Law, the Lee Kuan Yew School of Public Policy and research institutes. The colonial style buildings date back to 1928 when NUS’ predecessor institution, Raffles College, was established.

OUTRAM CAMPUS
Located among many of the nation’s key medical institutions, the Outram Campus, which houses the Duke-NUS Medical School, is the site of the original medical school. Duke-NUS’ innovative medical education programme with a distinctive research focus is designed to develop medical leaders in research, education and patient care.
There is free Wi-Fi across campus, even on the shuttle buses, so you can stay connected on the go.

Every academic year comprises two semesters and a special term. Each semester has 13 weeks of classes and two weeks of examination.

- Arts and music lovers can look forward to a wide range of **exhibitions, performances, concerts and recitals** organised by NUS Centre For the Arts and NUS Yong Siew Toh Conservatory of Music.
At NUS, we provide a holistic education. You can hone your entrepreneurial skills and make an impact on the community, while having some fun.
NUS Enterprise actively promotes entrepreneurship and cultivates global mind-sets and talents through the synergies of experiential entrepreneurial education, active industry partnerships for technology and commercialisation, holistic entrepreneurship support and catalytic entrepreneurship outreach.

**NUS OVERSEAS COLLEGES**

overseas.nus.edu.sg

One of the University’s flagship programmes, the NUS Overseas Colleges (NOC) programme is specially designed to help students with entrepreneurial drive gain start-up skills and experience. Students can intern at start-ups while studying part-time at prestigious overseas universities in 11 leading entrepreneurial hotspots in Southeast Asia, Canada, China, Germany, Israel, Sweden, Switzerland, United States, as well as Singapore.

**NUS START-UP RUNWAY**

Students who are working on or hope to develop their own start-up can turn to the NUS Start-Up Runway for support. It provides funding and validation support, market assessments, consultation and mentoring services, access to events and workshops amid a passionate start-up community.

**BLOCK71**

BLOCK71 is an ecosystem builder and global connector which catalyses and aggregates the start-up community, as well as spearheads new initiatives and provides mentorship and growth opportunities in local and global markets.

BLOCK71 Singapore, located in the JTC Launchpad, is a thriving community of entrepreneurs, investors, developers and mentors, now home to hundreds of tech-related start-ups, venture capitalists and incubators occupying its seven storeys.

BLOCK71 has expanded beyond Singapore to BLOCK71 San Francisco, BLOCK71 Jakarta and BLOCK71 Suzhou, providing even greater market access, networks and support to start-ups ready for new markets.

**THE HANGAR BY NUS ENTERPRISE**

The Hangar by NUS Enterprise is the campus base where like-minded individuals gather to pursue their entrepreneurial curiosity and passion, as well as nurture business ideas and start-ups. Entrepreneurs can enjoy the use of a wide range of workspaces and benefit from other amenities and services like dedicated mentorship, idea validation and test-bedding capabilities while they focus on their entrepreneurial pursuit.

**NUS ENTERPRISE@SINGAPORE SCIENCE PARK**

Strategically located within the Singapore Science Park, NUS Enterprise@Singapore Science Park aims to enable innovation in the nascent deep technology space through fostering a community of deep technology start-ups and companies, corporate partners and accelerators, as well as university researchers and academics.

**COMMUNITY & EVENTS**

From innovFest unbound, Kopi Chats, Industry Roundtable Series, to Social Venture Challenge Asia, NUS Enterprise supports and builds up the entrepreneur community with more than 400 events all year round. The events provide students and start-ups with opportunities to learn and network, and act as catalysts of growth for the community.

CULTURE CLUBS
https://cfa.nus.edu.sg/get-involved/for-students
Participation in the arts encourages creativity to flourish and positively enhances students’ development and academic outcomes. NUS Centre For the Arts (CFA) inspires students to unleash their passion through the arts — visual arts, dance, music and theatre.

Augment your studies by getting involved with one of NUS’ Arts Excellence Groups. These groups, supported by CFA and tutored by dedicated industry artistes, span the traditional and the modern — from traditional Asian dances to the latest in hip-hop, and from classical symphonies to cutting-edge electronic music.

The University’s unstinting support for community service is a tradition instilled by our pioneering alumni more than a century ago. As a student, you can get involved in many student-driven activities to reach out to the less fortunate.

**NUS Day of Service**

The annual NUS Day of Service saw almost 2,000 NUS students, alumni and staff participate in a total of 42 community activities in 2017, touching the lives of more than 5,000 beneficiaries.

**Rag and Flag**

Since 2000, NUS students have raised more than $7 million in donations for beneficiaries under Singapore’s Community Chest through the annual NUSSU Flag and Rag events. This annual charity event aims to inculcate a spirit of giving and volunteerism among NUS students, and to provide a platform for new undergraduates to integrate into the NUS community.

**NUS Volunteer Network**

Established in December 2007, the NUS Volunteer Network comprises the NUS Volunteer Action Committee, Red Cross Youth — NUS Chapter, Rotaract NUS and NUS Students’ Community Service Club. This network hopes to provide a wider range of volunteering opportunities to the NUS community. They actively drive a range of student-led community projects, locally and overseas.

Many NUS students also organise independent overseas community projects through clubs and faculties.
NUS Students Against Violation of the Earth (SAVE) is the main environmental student group in the University. The group, which initiates campaigns and projects such as NUS Goes Lite, Green Bazaar and Plastic Bag Tax Scheme, was presented with the EcoFriend Award by the National Environment Agency in 2017.

**NUS GOES LITE**

NUS SAVE runs their NUS Goes Lite campaign with various activities and an annual flagship event. Themed “Ctrl-Alt-Del”, the flagship event in 2017 focused on encouraging individuals to better ‘control’ their consumption habits; providing ‘alternatives’ where the environmentally-friendly option is challenging; and inspiring long-term behavioural change through ‘deleting’ wasteful habits.

Activities in the 2017 NUS Goes Lite campaign included:

- A pilot discount scheme for ordering smaller rice or noodle portions at selected canteens to reduce food wastage.
- A reusable bag loan system at participating retail outlets to discourage the use of plastic bags.
- A life-sized board game at the flagship event to demonstrate the tradeoffs involved in making environmentally-friendly decisions in everyday scenarios.

**GREEN BAZAAR**

To promote responsible consumption, a clothing swap event was held for students and staff to exchange clothing items. Clothes were also donated to overseas community involvement programmes run by students.

**PLASTIC BAG TAX SCHEME**

Since 2008, a 10-cent charge per plastic bag has been imposed to encourage consumers to switch from using plastic bags to recyclable bags at canteens and bookstores. The tax proceeds go to the NUS Sustainability Fund that supports environmental projects run by NUS students.
Student accommodation on campus gives you a taste of independent living, and our halls of residence, student residences and residential colleges offer you the comforts of “a home away from home” environment. You will also meet new people, participate in social events and forge lifelong friendships.
CAMPUS LIVING

STUDENT RESIDENCES
Each of the residences is a melting pot of nationalities and cultures where like-minded peers from diverse backgrounds meet and expand social circles. Students participate in activities and programmes organised by the Residences. Each residence has a team of Resident Advisors and Resident Assistants who takes care of the welfare of the students.

- Prince George’s Park Residences
- UTown Residence

HALLS OF RESIDENCE
The Halls are vibrant communities dedicated to experiential learning. Through a myriad of programmes and activities, students get a chance to explore new interests and pursue new experiences, as well as hone their analytical and leadership skills. The halls are well known for their vibrant co-curricular activities, as well as their rich history and culture. Each Hall is led by a Hall Master, a team of Resident Fellows and an elected student committee.

RESIDENTIAL COLLEGES
Combining the vibrancy of campus living with exciting multi-disciplinary academic programmes, residential colleges offer students an integrated residential learning environment, where they can get to learn and live alongside their professors and peers. Each residential college is led by a Rector, a Master and a team of Faculty Fellows and a student committee, who define each College’s academic tone and character.

The University Scholars Programme (USP) is housed in Cinnamon College. The rigorous inter-disciplinary USP curriculum will allow students to develop core academic and professional skills that complement their strengths in their majors and to see connections across disciplines.

The University Town College Programme is offered by three colleges — College of Alice & Peter Tan, Residential College 4 and Tembusu College. It offers multidisciplinary small group learning as an educational approach to help develop effective communication, strong writing and critical thinking skills in students.

Ridge View Residential College is NUS’ first residential college outside of University Town. It caters to first-year students from Engineering, Arts and Social Sciences, Science, Computing, Business as well as Design and Environment. The formal academic curriculum is complemented by co-curricular activities, industry mentorship and student initiatives.

STUDENT SERVICES
Whether you’re looking for career advice, information on admissions and financial aid, student housing or urgent medical attention, help is always available.

CENTRE FOR FUTURE-READY GRADUATES
The Centre for Future-ready Graduates (CFG) connects students with industry, employers and career opportunities through events like the Career Fair, employer networking functions and educational talks. CFG’s Career Advisors are on hand to discuss career concerns and develop plans to achieve career goals.

INTERNATIONAL STUDENTS SECTION
A ‘home away from home’ for international students, the International Students Section provides necessary guidance for the students. It also organises orientation activities, festival celebrations, cross-cultural events and hosting programmes.

STUDENT SERVICE CENTRE
The Student Service Centre is the convenient contact point for information on frontline services like academic and administrative matters, student bills, as well as student housing applications.

UNIVERSITY HEALTH CENTRE
The University Health Centre has three divisions — Health Service, Counselling and Psychological Services, and Wellness — to tend to the community’s physical and mental well-being.

VISITORS CENTRE
Stephen Riady Centre Level 1
Visitors and students — prospective and current — can find out more about NUS, from undergraduate and special programmes, scholarships and financial aid schemes to facilities booking. The Office of Admissions, co-located with the Visitors Centre, offers further information on admissions related matters and studying at NUS.

YUSOF ISHAK HOUSE
The Yusof Ishak House is a vibrant student hub, housing the NUS Students’ Union and various societies. It is also a meeting place where students take a break, gather over meals, or study at the student lounge, training rooms or outdoor plaza.
