---	----------------------	---

PROGRAMME DETAILS

2	Academic Content	<p>A summer fellowship at EPFL is a highly motivating learning experience in a competitive research environment. It is also a great way for you to get familiar with another culture, to start building a network of connections in Switzerland, and to get prepared for a global career! Last but not least, it is a chance to spend some months in a region rich in natural attractions and offering a multitude of leisure opportunities.</p> <p>Research opportunities are available in the following areas:</p> <ul style="list-style-type: none"> • Computer Science • Computer Engineering • Telecommunications • Electrical Engineering
3	Eligibility Requirements	<p>NUS' generic eligibility requirements apply, please see GRO website for details.</p> <p>Host university's requirements are:</p> <ul style="list-style-type: none"> • Currently enrolled in BSc, BTech, MSc, MTech, or equivalent programmes in Computer Science, Computer Engineering, Telecommunications, or Electrical Engineering • Have completed at least first year of Bachelor's study <p>Kindly note that projects are offered competitively to students with excellent academic results.</p>

4	Accommodation	<p>When offered the fellowship, the administrative personnel will either suggest a list of accommodations available or offer you a specific place to stay.</p> <p>For more information, please refer to: https://summer.epfl.ch/apply.html#faq.</p>
5	Application Procedure	<p>Apply via EduRec and the host university's website concurrently. You must accept both the EduRec offer as well as the host university offer to confirm your participation in this programme.</p>
6	Course Mapping	<p>If you are interested in obtaining credit, you can start the course mapping process after you apply in EduRec and accept the offer for the programme.</p> <p>Note that all mapping requests are subjected to approval by the Faculties.</p> <p>Please also note the following:</p> <ul style="list-style-type: none"> • Students may map up to a maximum of 10 units for each summer programme and up to a maximum of 5 units for each winter programme. Course mapping will be subject to approval from the respective Faculties/Schools. • Of the units approved for mapping, a total of 12 units from a maximum of 2 overseas summer/winter and research programmes can be mapped without having to pay NUS tuition. Additional units mapped will be subjected to NUS Special Term fees. For details, visit the NUS Registrar Office's website. • Questions about course mapping approval and the number of units you can map without having to pay tuition? Please contact the SEP coordinator at your home faculty.
