INTERNATIONAL RESEARCH ATTACHMENT PROGRAMMES (i-RAP)

> **IMPORTANT NOTE**
> Before applying for any summer/winter programme, read the GRO website and i-SP Application Guide for important information on:
> - General Eligibility Requirements and Application Process
> - Course Mapping and Financial Aid
> - Visa Application, Travel Advisories and Student Insurance

ETH Zurich Student Summer Research Fellowship (ETH SSRF) 2024
(Updated as of November 2023)

Host University Website: https://inf.ethz.ch/studies/summer-research-fellowship.html
Programme Location: Zürich, Switzerland
Programme Dates: 1 July to 31 August 2024
Application Deadline: **15 December 2023, 1pm (Central European Time)**
No. of Placements: 20 international students will be selected by ETH Zurich per year

| ESTIMATED COST OF PARTICIPATION		
1	**Programme Fee**	As one of the fellowship recipient, you will receive a monthly allowance of about CHF 1.750 to cover housing and living expenses. Travel and visa expenses will also be covered. Students can claim the travel costs against receipts at the beginning of the programme.

PROGRAMME DETAILS		
3	**Academic Content**	ETH SSRF offers undergraduate and graduate students the opportunity to gain their first research experience in an area of their choice. It also gives students the opportunity to work and connect with a group of like-minded colleagues from across the globe, while gaining valuable research experience. The fellowship is provided by the Computer Science Department of ETH Zurich and 20 international students are selected each year, with each participant receiving a scholarship covering travel, accommodation and living expenses for the duration of the programme. Research opportunities are available in the following areas: • Data Management & Machine Learning • Information & System Security • Computer Systems • Intelligent Interactive Systems and Physical Computing • Programming Languages & Software Engineering • Theory & Algorithms • Visual Computing

4	**Eligibility Requirements**	NUS' generic eligibility requirements apply, please see [GRO website](#) for details.
		Host university's requirements are:
		- Currently enrolled in a Bachelor or Master's study program in Computer Science or a closely related field (e.g. electrical engineering, mathematics, physics etc) - Expected graduation date is January 2025 or later - Have completed at least 2 years of Bachelor's study - To attend the entire fellowship period from 1 July to 31 August 2024
		For more information, please refer to: https://inf.ethz.ch/studies/summer-research-fellowship/how-to-appy.html.
5	**Accommodation**	Accomodation are provided for all fellows and costs is covered as part of the allowance.
6	**Application Procedure**	1. Apply directly with ETH Zürich: https://inf.ethz.ch/studies/summer-research-fellowship/how-to-appy.html.
		2. The following items shall be uploaded alongside the online application: - Your CV. Please use the [Europass format](#) - NUS Official academic transcript - Letter of motivation/Personal statement (max 1 page). Describe in your own words why you have chosen your proposed scientific area of research. Explain what you hope to accomplish by coming to ETH and how it will support your academic career and prepare you for a career in research. A good personal statement can be written in half a page and you should aim not to write more than a full A4 page. Lay it out carefully to make it easy to read.
		Only complete applications with all the required documents can be considered for admission.
		3. Apply via [NUS Education Records System (EduRec)](#) in order to proceed with course mapping application
7	**Course Mapping**	If you are interested in obtaining credit, you can start the course mapping process after you apply in EduRec and accept the offer for the programme.
		Note that all mapping requests are subjected to approval by the Faculties.
		Please also note the following:
		Students may map up to a maximum of 10 units for each summer programme and up to a maximum of 5 units for each winter programme. Course mapping will be subject to approval from the respective Faculties/Schools.

8		• Of the units approved for mapping, a total of 12 units from a maximum of 2 overseas summer/winter and research programmes can be mapped without having to pay NUS tuition. Additional units mapped will be subjected to NUS Special Term fees. For details, visit the NUS Registrar Office's website. • Questions about course mapping approval and the number of units you can map without having to pay tuition? Please contact the SEP coordinator at your home faculty.

ADDITIONAL INFORMATION		
8	**Visa Application**	Holders of a Singapore passport do not require a visa for visits to the Switzerland lasting up to 90 days. For other nationalities, please enquire with the Embassy of Switzerland in Singapore for visa requirements. It is your responsibility to acquire the necessary visa but ETH Student Exchange office will assist with the visa application process. Visa expenses will also be covered.
9	**Travel Advisories**	Visit the MFA website for travel advisories on various countries from the Singapore government.
10	**Student Insurance**	Insurance coverage for official NUS trips is provided for your participation in this programme.
11	**Contact Information**	Questions about the programme? Contact the host university at: SSR_Fellowship@inf.ethz.ch. **FAQ:** https://inf.ethz.ch/studies/summer-research-fellowship/faqs.html. Questions specific to NUS Global? Contact us at: global@nus.edu.sg
