### IMPORTANT NOTE
Before applying for any research attachment programme, read the [GRO website](https://www.unil.ch/summerschools/home/menuinst/courses/undergraduate-research-programme-in-biology-and-medicine.html) for important information on:
- General Eligibility Requirements and Application Process
- Visa Application, Travel Advisories and Student Insurance

## University of Lausanne Undergraduate Research Programme in Biology and Medicine

|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Programme Location & Dates | University of Lausanne  
3 July – 25 August 2023 |
| Application Deadline | January 31st, 2023 (midnight Central European Time) |

### PROGRAMME DETAILS

1. **Academic Content**
   During eight weeks in July and August, the SUR (Summer Undergraduate Research Programme) hosts about 15 Bachelor students with both biological and medical studies background from around the world, including one or two from Lausanne. Each participant will perform an individual research project in a different laboratory of the Faculty of Biology and Medicine. This programme aims to attract outstanding motivated students from near and far for a research experience that will remain with them for their lifetimes.

2. **Eligibility Requirements**
   The programme is aimed at students who are currently mid-way through their bachelor's degree in any biological or medical field. Applicants who have completed only one year of an undergraduate degree or currently in their last year are not eligible. Master-degree or PhD students are not eligible.

   We consider study in biology and medicine broadly, but applicants engaged in studies in physical therapy, nursery, dentistry or veterinary science will not be considered.

   The programme is highly competitive and students are chosen based upon their academic record (typically GPA >3.75 or equivalent, and/or top 5% class ranking), personal statements, and letters of recommendation.

   NUS’ generic eligibility requirements apply, please see GRO website for details.

3. **Application Procedure**
   Please apply via EduRec and the host university’s website concurrently. You must accept both EduRec offer as well as the host university offer to confirm your participation in this programme.

   With an official application through EduRec, you are covered by the NUS Travel Blanket Insurance. Besides, GRO can also provide you with supporting letters for
visa application and NS deferment (for NSmen). Read the step-by-step guide which we have prepared for you on [GRO’s web](#).

| 4 | **Module Mapping**

All mapping requests are subjected to approval by the Faculties/Departments.

If you are interested in obtaining credits, you can start the module mapping process after you have accepted the offer for the programme via EduRec.

Students may map up to a maximum of 10 MCs for each Summer Programme. Over the course of study in NUS, students may map up to a total of 12 MCs for involvement in summer programme. Beyond 12MCs, NUS Special Term tuition fees will apply, in addition to Summer/Winter Programme fees paid to the host university. For details, please read the information on [Registrar’s Office website](#).

| 5 | **Visa Application**

Depending on your nationality, you may need a visa to travel to Switzerland. You may find information about the visa requirement on the [Schengen visa info website](#). All visa procedures remain in the participant’s responsibility and must be arranged prior to arrival.

| 6 | **Travel Advisories**

Visit the [MFA website](#) for travel advisories on various countries from the Singapore government.

| 7 | **Student Insurance**

[Insurance coverage for official NUS trips](#) is provided for your participation in this programme.

| 8 | **Contact Information**
