Wild-Life of Australia

THE UNIVERSITY OF  
SYDNEY

# Summer Lecture Series

---

VIRTUAL STUDY ABROAD  
PROGRAM

# Join us on a virtual journey in Australian culture and history...

## **Howzat! The Aussie relationship to Sport** Friday 11 June - *7am (Singapore Time)*

Join Dr Steve Georgiakis in examining Australian society and culture through the prism of our favourite pastime – sport! From sticky wickets to kicking a torpedo, learn about the importance of this social institution – even during the pandemic.

## **Australia's First Peoples: An Introduction** Friday 25 June - *7am (Singapore Time)*

Learn about one of the oldest living cultures on the planet and the important place of First Nations peoples in Australian history until today.

## **I love a Sunburnt Country: The 'Great' Australian Outdoors** Friday 16 July - *7am (Singapore Time)*

From the Great Dividing Range, to the Great Australian Bight and the Great Sandy Desert – join A/Prof Wayne Cotton on an interactive session on what the fuss is about with our beautiful natural landscape.

## **The Weird, Wacky and Wild-Life of Australia** Friday 30 July - *7am (Singapore Time)*

You've heard about sharks, snakes and spiders, but what about triple vaginas and four-headed penises? Join A/Prof Catherine Herbert to learn about the secret lives of Australia's unique animals.

### **Where**

*Zoom links will be provided to all registered attendees closer to the date.*

### **Registration**

*Registrations are essential, please RSVP by completing the [registration form](#) no later than Sunday, 6 June.*
