You may proceed with course mapping and applying for financial aid after accepting the offer on EduRec. We require all NUS students going on NUS endorsed summer programmes to apply via EduRec. Besides allowing you to submit course mapping and apply for financial aid, this allows NUS to contact and assist you in times of crisis/emergency while you are overseas. Additionally, NUS can also provide supporting letters for visa application and NS deferment (for NSmen). Please read the application guide before applying for the programme with NUS.

8	Course Mapping	Students interested in transferring units can start the course mapping process after applying and accepting the offer for the programme in EduRec. Course mapping requests are subject to approval from the Faculties. Click here for a step-by-step guide on applying for course mapping. Please also note that students may map up to a maximum of 10 units for each Summer Programme and up to a maximum of 5 units for each Winter Programme. A total of 12 units from a maximum of 2 overseas summer/winter and research programmes can be mapped without having to pay NUS tuition. Additional units mapped will be subjected to Special Term fees.
