Hello MU

- **A chance to learn from the best of both old and new:** Thailand's oldest higher education institution. Since our establishment in 1888 as Thailand's first medical college, we have expanded to offer a wide range of disciplines, covering advanced technology in health sciences, science and technology, and even music.
- **Ideal campus for living and learning:** A natural and evergreen environment. as the most eco-friendly University in Thailand, we care about energy-efficient usage, waste & water management, green open spaces, as well as cycling lanes, and a pedestrianized landscape.

- **Trips and cultural activities:** Experience Thai culture through Thai cooking class, Thai dancing class, Thai boxing, and more!
- **Strong support from the moment you arrive:** Don't worry about anything. Airport or SHA++ hotel pick up & drop off, student buddy system, on-campus facilities, and on-campus health service. Our staff and students are gracious hosts who will make you feel welcomed and comfortable.
