11	Student Insurance	<p>NUS students embarking on a university-endorsed overseas programme are covered under NUS Travel Insurance. For more information on the coverage, please refer here:</p> <p>https://myportal.nus.edu.sg/studentportal/student-insurance/all/</p> <p>Students are strongly encouraged to purchase a supplemental travel insurance to ensure they are adequately covered during their summer programme.</p> <p>In addition, Massachusetts law requires all full-time and international students who study on campus to be immunized against certain communicable diseases. Students must have these immunizations to remain in compliance with University requirements. Immunizations include: measles, mumps, rubella (MMR); tetanus (must be Tdap vaccine); hepatitis B; (bacterial) meningitis; varicella; and tuberculosis testing, depending on country of origin.</p> <p>Your healthcare provider can provide proof of vaccination with the dates of each immunization. Students may waive enrollment in the SHIP if they are enrolled in a comparable US-based insurance plan that 1) meets the coverage requirements and 2) is underwritten in the US. Please note that just because an insurance company is "based in" or has "offices in" the US does not mean it is underwritten in the US. More information regarding the SHIP waiver requirement can be found on this webpage.</p> <p>Boston University's Student Health Insurance Plan rates for summer 2026 and more information on Student Health Services (SHS) are provided here.</p>
