

INTERNATIONAL SUMMER/WINTER PROGRAMMES (i-SP)
IMPORTANT NOTE

Before applying for any summer/winter programme, read the [GRO website](#) and [i-SP Application Checklist](#) for important information on:

- General Eligibility Requirements and Application Process
- Module Mapping and Financial Aid
- Visa Application, Travel Advisories and Student Insurance

INFORMATION ABOUT COVID-19

This summer programme may be offered as an electronic online programme, a physical on-site programme, or a hybrid of both. Please note that due to the uncertainty brought about by the global COVID-19 situation, any aspect of the programme can change at short notice.

- For online programmes, read these [FAQs](#) for information about special module mapping arrangements.
- For on-site programmes, travel to the host country will be determined by the policies of both that country and Singapore. Students should not make any non-refundable financial commitments until there is certainty that travel is possible. Students are to acknowledge the risks involved with participating in on-site programmes, and will bear all expenses arising from and following their application for the programme. NUS will not be responsible for situations including but not limited to programme cancellation and loss of expenses.

University of Cape Town - Sustainable Water Management

(Updated as of February 2021)

Host University Website: <http://www.international.uct.ac.za/programmes/standardised>
 Programme Location: Cape Town, South Africa
 Programme Dates: 11 to 22 July 2022
 Application Deadline: **6 May 2022**
 No. of Placements: Unlimited

ESTIMATED COST OF PARTICIPATION			
1	Programme Fee	The programme fee of USD 3,000 covers tuition, accommodation and field trip costs. Participants are responsible for all other associated costs (e.g. international travel, meals, etc.)	
2	Projected Expenditure	Item	
		Programme fee (includes tuition, accommodation and field trips)	\$4,100
		Daily expenses	Click Here
3	Financial Aid Available Through NUS GRO	<p>As a participant of this programme, you are eligible to apply for:</p> <ul style="list-style-type: none"> • NASA Enhancement Bursary (Singaporean Citizens only) • Overseas Student Programme Loan (Singaporeans only) • PSEA Ad-Hoc Withdrawal (Singaporeans only) <p><i>*Financial Aid options will not be available for programmes/classes that are conducted fully online. If programmes are hybrid, only on-site participation would qualify a student for financial aid. If a physical/on-site programme switches to fully online before the commencement of the programme, NUS reserves the right to adjust or retract the financial aid package.</i></p>	

PROGRAMME DETAILS		
4	Academic Content	This course has been designed to equip the next generation of critical thinkers to consider the world’s increasingly complex water challenges. This course will challenge participants to consider water in new ways, develop the tools to do so and equip them with the skills to apply their learnings in different contexts. This course adopts an interdisciplinary and transdisciplinary (IDTD) approach to examine the complexity of current water crises, trends and conditions, with specific examples from the African continent. While considering water demand, supply and treatment, it addresses the need to derive maximum benefit from water resources while incurring minimum burden and the need to secure ‘new taps’ in a Water Sensitive context.
5	Eligibility Requirements	NUS’ generic eligibility requirements apply, please see GRO website for details.
6	Accommodation	Refer to the host university website for the accommodation arrangements. Should university-arranged accommodation not be available, you will be responsible for securing your own accommodation.
7	Application Procedure	Apply via EduRec and the host university’s website concurrently . You must accept both the EduRec offer as well as the host university offer to confirm your participation in this programme.
8	Module Mapping	<p>If you are interested in obtaining credit, you can start the module mapping process after you apply in EduRec and accept the offer for the programme. Note that all mapping requests are subjected to approval by the Faculties. Click here for information on applying for module mapping. Please also note the following:</p> <ul style="list-style-type: none"> • Students may map up to a maximum of 10 MCs for each summer programme and up to a maximum of 5 MCs for each winter programme. Module mapping will be subject to approval from the respective Faculties/Schools. • Of the MCs approved for mapping, a total of 12 MCs from a maximum of 2 overseas summer/winter and research programmes can be mapped without having to pay NUS tuition. Additional MCs mapped will be subjected to NUS Special Term fees. For details, visit the NUS Registrar’s Office website. • Special arrangements have been made for students mapping modules from online programmes in 2021. Details are available at these FAQs. • Questions about module mapping approval and the number of MCs you can map without having to pay tuition? Please contact the SEP coordinator at your home faculty.
