You can apply for either a D-number or a national identity number at the Trondheim tax office, but plan for it to take some time to get one. Both the national ID number and the temporary D-number are 11 digits; the national ID number starts with your birthdate and ends in 5 randomly generated digits. You'll need this number to get paid, to open a bank account and to pay taxes. Depending upon the time of year and the tax office's workload, you may have to wait several weeks or more.
