A Food Waste Recycling Initiative

FINISHED EATING?

Kindly **CLEAR YOUR TABLES** and **RETURN YOUR TRAYS!**

- 1** Return trays, used crockery, and disposables to the tray return point
- 2** Cleaners will sort foodwaste for recycling
- 3** Food waste is biologically processed to produce biogas using an anaerobic digester.
- 4** Biogas generates electricity for the hawker centre and the leftover waste becomes plant fertiliser!

Tray Return Partner

For an AD system, One ton food waste and I can produce green electricity!

Posters

Please Return Your Trays and Used Crockery! (including disposables)

TO FIND OUT MORE, PLEASE SCAN THE QR CODE
