

Use of Commercial Fundraisers

NUS generally does **not** engage commercial fund-raisers in soliciting donations to the University.

If a commercial fund-raiser claims to be soliciting gifts for the University, please verify whether the commercial fund-raiser's solicitation and publicity materials are accompanied by a written statement stating the following:

- donations made will be to the University;
- the commercial fund-raiser's name and status as a commercial entity;
- donations collected by the commercial fund-raiser will be paid in gross to the University without deduction or setting off for remuneration to the commercial fund-raiser; and
- how the commercial fund-raiser's remuneration is determined.
