Financial Aid

A university education is an investment that will pay for itself many times over – if you make it work. The good news is, we are here to help. You just have to be bold and seize the opportunities.

For starters, here's a quick rundown of your expected expenses and financing options.

Estimated Living Expenses
You will need about S$6,000 for living expenses, and S$4,600 for accommodation expenses per year as a full-time undergraduate student. This is a conservative estimate, which may vary according to lifestyles.

nus.edu/livingexpenses

NUS Tuition Fee and MOE Tuition Grant
NUS fees are kept competitive against leading global universities, and are highly subsidised by the government. The Singapore Ministry of Education (MOE) offers a tuition grant to all Singapore Citizens, Permanent Residents and most international students on a competitive basis. Depending on your nationality and degree programme, the remaining fee payable ranges from about S$8,250 to S$68,950 per annum after the grant.

The MOE Tuition Grant is bond-free for Singapore Citizens. Non-Singapore Citizens will need to serve a three-year bond with a Singapore entity upon completion of the undergraduate degree. All Medicine and Dentistry students must fulfil a four to six-year bond with the Singapore Ministry of Health, regardless of nationality.
