NUS Tuition Fee and MOE Tuition Grant

NUS fees are kept competitive against leading global universities, and are highly subsidised by the government. The Singapore Ministry of Education (MOE) offers a tuition grant to all Singapore Citizens, Permanent Residents and most international students on a competitive basis. Depending on your nationality and degree programme, the remaining tuition fee payable ranges from about S\$8,250 to S\$83,950 per annum after the grant.

The MOE Tuition Grant is bond-free for Singapore Citizens. Non-Singapore Citizens will need to serve a three-year bond with a Singapore entity upon completion of the undergraduate degree. All Medicine and Dentistry students must fulfil a four- to six-year bond with the Singapore Ministry of Health, regardless of nationality.
