## Our Cluster Leaders

Cluster Leaders are student residential leaders residing in Prince George's Park Residence (PGPR), and they work with the Resident Fellows and Resident Assistants to look after the well-being of you within your cluster.

They are the key communicators for your cluster and play an essential part in the student care support network. Do participate actively in their mandatory food tours and cluster events!

## Other Sub-Committees

Besides the Residential Committee, we also have other sub-committees like Student Care & Wellness, Communications & Outreach, Risk Management, Compliance & Safety, Sports Clinic (currently Tennis), Rabbit Corner, Student Leaders Affairs and Green Committee. We will introduce other committees in our following newsletters.

For now, we are proud to share the Green Committee initiative! They are launching the 1st community garden by the end of Feb 2023 in Residence 3, Block 11.

## Our Residential Life Office

### Residential Life Office

We aspire to enrich the residential living experience of all our residents and make them feel a home away from home at PGPR. From overseeing the budget and finance to ensuring a variety of residential programs, recruiting student leaders and providing support for students involved in disciplinary conduct and crisis management. Our residents' welfare is of utmost priority, and we aim to provide them with a fulfilling hostel experience they can take away from PGPR.

### Residential Wellness Manager

The Residential Wellness Manager (RWS) provides social and emotional support to residents staying in PGP Residence. She will also collaborate with staff and students to run programs that promote mental well-being within PGPR.
