Introduction

LumiNUS is NUS's latest Learning Management System. LumiNUS alludes to luminous, which is defined as giving off light, or bright and shining. The LumiNUS Team hopes that it can work with academic staff to light students' educational path in NUS.

In this guide, few of the important and most commonly used functionalities of this portal would be discussed. For the complete guide, please click on the link under 'Further Information' to visit LumiNUS Student Guide

NM2209 - Lecture

Upon logging into LumiNUS, you would first see the Dashboard page. It gives an overview of the important deadlines and upcoming tasks.

1. **Module Announcements**

This section will show you all announcements from all the modules that you take.

2. **What's Due Soon?**

This section will show all tasks and their due dates. There is a link SEE ALL TASKS next to the What's due soon? title which you can click to see all tasks. Task that you have completed will be color-coded green.

3. **What's Up Next?**

This section will show things that are coming in the future, for example: your upcoming 7 days of timetable, consultation session.

Some important features in the module page is discussed below

Module Details will show you information regarding your module as provided by your instructors. This information may include a more detailed description of the module (such as: prerequisites, learning outcomes, syllabus, schedule, etc), facilitators / all the instructors or teaching assistants in the module, readings, weblinks, timetable, and library resources.

Class & Groups will show you a list of your classmates in the module as well as groups such as Lecture Groups or Tutorial Groups. In some cases, your instructors may create other types of groups, for example for the purpose of project assignment. The instructors can assign students into the groups or require the students themselves to sign up to the groups.

My Activity

Quiz tool contains quizzes (if any) listed with their opening and closing date information. You can only attempt a quiz when it is open. To attempt a quiz, click on the quiz's title. This will open the starting page of the quiz containing information about the quiz such as number of attempts and time limit. Some quizzes contain a password field if the attempt is password protected. The instructor will release the password to you prior to the quiz start time.

quiz2

This quiz is worth **2 marks**.

You have **unlimited amount of attempts**.

You have **no time limit** to complete the quiz.

Good luck.

START THE QUIZ

Note that the quiz will be listed in your DASHBOARD under the task section (What's due soon?)

Module Search

The screenshot shows the LumiNUS 'Find a Module' page. The search bar contains 'DAO2'. The 'Module Type' filter is set to 'Academic Modules'. The 'Term' filter is set to '[2010] 2020/2021 Semester 1'. Two modules are found:

Module Title	Term	Facilitators	Tools
DAO2702/DSC2008 Programming for Business Analytics	[2010] 2020/2021 Semester 1	AU KHAI XIANG Xiong Peng ZHENG PENG RAYNER MERVYN REBELLO	
DAO2703/DSC2006 OPERATIONS AND TECHNOLOGY MANAGEMENT	[2010] 2020/2021 Semester 1	Qi Mei Sheryl Elaine Kimes	

The **Module Search** section allows you to search for any module that you would like to find by entering either the module code, title, lecturer or faculty. It also provides filters for you to narrow down your search. Such filters include the module type, semester term, faculty and department.
