Information for International Students

1. Immigration & Checkpoints Authority of Singapore (ICA) – Student’s Pass

All international students admitted as Non-Graduating students must have a valid Student’s Pass during the period of study at NUS. Admission is contingent upon successful application of Student’s Pass.

To apply for a Student’s Pass, NUS Registrar’s Office will initiate a registration with ICA on your behalf, following which you will receive an instructional email to submit the application via the Immigration & Checkpoints Authority (ICA) Student’s Pass Online Application & Registration (SOLAR) System.

You must monitor the status of your Student’s Pass application regularly as you will be required to upload documents and make payments at different junctions of the application process (notably during submission of eForm16, and Completion of Formalities (COF)) on the portal within the stipulated deadlines by ICA. Failure to do so will result in your Student’s Pass application being withdrawn.

If the application is approved, ICA shall grant the student an IPA letter, which will be available for printing via ICA solar system (eservices.ica.gov.sg/solar/index.xhtml) under navigation path: Student Main Menu > Print Outcome Letters. For students from a visa-required country (ica.gov.sg/#/visitor/visitor_entryvisa), the IPA letter also serves as a single-entry visa to enter Singapore.

If you are not issued with an IPA letter, you will not be able to complete the formalities for the Student’s Pass and your admission offer will be withdrawn. Therefore, it is important for you to act promptly when you receive email notification from NUS Registrar’s Office to access the SOLAR system.

If you are eventually not successful in your Student’s Pass application, your admission offer will be withdrawn and you will not be able to embark on or continue your studies at NUS.

The IPA letter cannot be used in place of the Student’s Pass to study in NUS. Upon receipt of the IPA letter, you are advised to read the IPA letter carefully and prepare the required documents/items for submission to ICA in person to convert your Social Visit Pass to a Student’s Pass (visitor/studentpass/collect).

You are required to make an e-appointment (eservices.ica.gov.sg/ibook/index.do) to collect your Student’s Pass at ICA Building, 4th Floor, Visitor Services Centre (located next to Lavender MRT station). Please refer to the IPA letter for the specific instructions on how to make an e-appointment.

Note: Non-Graduating international students are allowed to register for up to two modules in each part of the Special Term or pursue full-time research in order to qualify as a full-time student and be issued with a Student’s Pass.

1.1 Entry Approval by Safe Travel Office (STO)

In addition to obtaining the Student’s Pass or Student’s Pass In-principle Approval from the ICA, international students will also need to obtain approval from the Safe Travel Office (STO) before they commence their journey to Singapore. Each application will be assessed by STO on a case-by-case basis, and approval is not guaranteed. Hence please be reminded that securing the Student’s Pass does not mean that the entry approval is guaranteed.

Please ensure you have submitted your student’s pass application first before you apply for your Entry Approval directly on the STO website.

Students should not proceed with their trip to Singapore unless they have received the entry approval letter. Students must produce the entry approval letter to airline staff upon check-in at the departure airport, and to the immigration officer upon arrival in Singapore. Students who arrive without an entry approval letter from MOE will not be allowed to enter Singapore and will be required to fly out of Singapore within 48 hours, at their own cost. The In-Principle Approval Letter for the Student’s Pass may also be rescinded by ICA.

Students who are granted entry into Singapore are required to comply with the prevailing public health regulations and requirements. All costs will be borne by students and all payments are to be made prior entry to Singapore.
IMPORTANT! Given the rapidly changing nature of such requirements, you are strongly recommended to refer to the following resources which will contain the most up to date regulations:

I. Entry into Singapore via Student's Pass Holder Lane - https://safetravel.ica.gov.sg/arriving/overview  
II. Border Control Measures summary table - https://safetravel.ica.gov.sg/health

Prior to arrival, students are to submit their health status and recent travel history, as well as personal particulars and contact details via the SG Arrival Card (SGAC) e-Service (icaeservices.ica.gov.sg/sgarrivalcard). As part of the Government’s contact tracing efforts, students are required to download the Trace Together App (www.tracetogether.gov.sg). The app will be required to access most public spaces in Singapore. Students are to keep the app on their phone for 14 days after their departure and in the event they test positive for COVID-19, they are required to provide the Ministry of Health the data collected by their app.

Refer to 1.4 for other useful links related to the border control measures implemented in response to COVID-19.

1.2 Medical Examination (for those staying beyond 6 months)

All international students who apply for the Student’s Pass beyond six months would have to undergo and pass a medical examination conducted by a qualified medical practitioner either in Singapore or in your home country. You must have the completed test results of your medical check before you can continue with Completion of Formalities (COF) on the portal. This step is after you submit your eForm16 and documents.

You are required to bring along ICA’s prescribed medical report form (ica.gov.sg/docs/default-source/ica/files/visitor_services_medicalreport.pdf) to the medical examination. The endorsed form must be submitted with the relevant laboratory reports. An official translation of the laboratory reports is required if it is not in the English language. At the time of submission, the laboratory reports must not be more than three months from the date of issue.

During COF, you are required to upload your medical report using ICA’s prescribed medical report form (Download from ICA SOLAR system (eservices.ica.gov.sg/solar/index.xhtml) under navigation path: Foreign Student Main Menu > View Application Status) for the medical examination. The endorsed form must be submitted with the relevant laboratory reports. An official translation of the laboratory reports is required if it is not in the English language. At the time of submission, the laboratory reports must not be more than three months from the date of issue.

If you are residing in Singapore on any other long term immigration passes currently, you are required to undergo the medical examination in Singapore, if the medical examination was done more than two years ago.

The issuance of the Student’s Pass is subject to the outcome of a medical examination. Students who fail to fulfill the medical requirements will not be issued with a Student’s Pass and your admission of offer will be withdrawn.

1.3 Enquiries

If you have any queries regarding immigration issues and Student’s Pass matters, you may wish to refer to ICA’s FAQs (va.ecitizen.gov.sg/cfp/customerpages/ICA/explorefaq.aspx). Alternatively, you may wish to write to ica_stp1@ica.gov.sg.
