SAP Business Network: Trading Relationship

What is a Trading Relationship?

A trading relationship is a **linkage between supplier account and NUS account** on the SAP Business Network.

It **allows the transfer of documents** such as purchase orders and invoices between suppliers and their customers on SAP Business Network.

Why is a Trading Relationship needed?

If supplier do not have a trading relationship with a customer, supplier will not be able to invoice for that customer or complete any related actions (submit order confirmation, etc.).

A trading relationship will be required to transact with NUS with your registered Ariba account with NUS.

How to establish a Trading Relationship on SAP Business Network?

Suppliers can **establish trading relationship with NUS through the first interactive email purchase order.**

Refer to the next slides for step by step guide for suppliers.

[Register Now](#) or [Learn more](#)

Important Reminder before logging in:

1) An SAP Business Network **Standard account** is sufficient to transact with NUS.

Check internally to **ensure you are logging in to a Standard account before** carrying this step.

Transacting with NUS on SAP Business Network using Enterprise account might incur Ariba fees, payable by suppliers.

- [How do I identify my account type?](#)

2) **Contact your company's SAP Business Network account administrator to ensure you have access** to your company's SAP Business Network account **with the necessary permission**

- [How do I add a new user to my company's SAP Business Network supplier account?](#)

3) View and take action on purchase order

Once logged in with your existing Ariba account (the same account registered with NUS), supplier will see Purchase Order screen associating with the interactive PO email.

The screenshot displays the SAP Business Network interface for a purchase order. At the top, it shows 'SAP Business Network' and 'Standard Account' with a 'TEST MODE' indicator. The purchase order number is 8000005234. A 'Done' button is visible in the top right corner. Below the header, there are three buttons: 'Create Order Confirmation', 'Create Ship Notice', and 'Create Invoice'. The 'Order Detail' tab is selected, showing the NUS logo and contact information. The 'From' section lists 'NATIONAL UNIVERSITY OF SINGAPORE' with its address. The 'To' section lists 'Buying Supplier 1' with its address and contact details. The 'Purchase Order' section shows the order number, amount (\$1.00 SGD), and version (1). A 'Track Order' button is present. The 'Payment Terms' are 'NET 30'. The 'Comments' section contains a note from Polineni Vijaya Rama Rao dated 27 Jun 2024. The 'Other Information' section shows the requesting department as 'NUS INFORMATION TECHNOLOGY'.

SAP Business Network: Establishing a Trading Relationship via the **first interactive purchase order email**

If you did not receive the interactive Purchase Order email

1) Refer to SAP Help Article: [Why am I not receiving emails from SAP Ariba?](#)

2) Contact your IT department to resolve the issue related to your email server not allowing the emails to reach your inbox.

Your IT team will be able to:

Whitelist the addresses below to ensure emails from SAP Ariba come through: Email domains

[@ansmtp.ariba.com](#), [@eusmtp.ariba.com](#) and [ordersender-prod@ansmtp.ariba.com](#)

Whitelist the static IP(s) of SAP Ariba into your system/browser. ([SAP Business Network IP](#))

Confirm if the same issue can be reproduced on different browser or computer

Verify your network firewall/proxy allow list includes [these sources](#)

3) Raise a SAP Support ticket if you need further technical assistance, refer to the following guides: [Video Guide](#) | [PDF Guide](#)

THANK YOU
